Elective Course Offerings

Each camper attends one (1) musical arts class and one (1) creative arts class. Each class is 30 minutes per day. On the registration form, indicate the child's 1st, 2nd, 3rd choices in each column. We attempt to honor requests, but since some classes are limited, campers may not be assigned their first choice. Early registration gives your child a better chance of getting their first choice of electives. Minimum class participation - 3 campers.
